Nursery Newsletter

28.09.2018

Can you believe it? We are nearly at the end of the first half term! Where has that gone? It has flown by as we have been busy having lots of fun learning and growing. The past two weeks have been super, we have loved learning all about our bodies and our amazing families. Some children began their 'Puddle Ducks' swimming experience and I was one proud teacher, as the children had a fantastic first lesson!

Half Term

Next Friday we break up for the half term holiday. We wish you a lovely week off. Make sure you keep safe and we will look forward to hearing all about what you have been busy doing. 😊

Welcome

We have had two new children join our Nursery. We welcome Piper and George who are settling into Nursery life well. They are both lovely new additions. We hope you have had a fantastic first week!

'Puddle Ducks' Swimming

The children loved their first swimming session! I am so proud of how they did. I cannot wait to see them progress and build up their confidence with their swimming lessons. Check out the website for pictures.
